PET A SKUNK, LEARN ABOUT REHAB, DROP IN & DISCOVER FOR EARTH DAY IN APRIL

Bay Village, Ohio --- Lake Erie Nature & Science Center springs to life in April with activities to connect people of all ages to the natural world. From a close encounter with a “sweet-smelling” Earth creature during the April 19 Meet An Animal to up-close views of the cool craters on Earth’s moon throughout the month in the Walter R. Schuele Planetarium, spring fun abounds. You can also “Drop In & Discover” to celebrate Earth Day a little early on April 19 or learn all about the work of the Kenneth R. Scott Wildlife Rehabilitation Program on April 26. Lake Erie Nature & Science Center is located at 28728 Wolf Road in Bay Village. Call (440) 871-2900 or log on to www.lensc.org for more information.

Drop In & Discover – Earth Day Celebration

April 19

10 a.m. - Noon and 1 – 3 p.m.

Enjoy guided, hands-on discovery and fun for all ages, without the need to register in advance. Just drop in during the program time window and have some natural fun with your child.

Fee: \$3

Meet An Animal - The Striped Skunk

April 19 at 3 p.m.

Experience a LIVE up-close meeting with this often-misunderstood animal. As skunks become more common in our backyards, it becomes more beneficial for us to understand them. This program promises to be a “sweet smelling” time!

Free family friendly program!

Meet An Animal - The Ins and Outs of Wildlife Rehabilitation

April 26 at 3 p.m.

Hear about the Center’s wildlife rehabilitation program. Find out what your family should and shouldn’t do to help wildlife in need. We’ll also see some of the Center’s permanent wildlife residents who started out as patients in our wildlife rehabilitation program.

Free family friendly program!

Monthly SkyQuest - Luny April!

Every Saturday (April 5, 12, 19*, 26) at 2 p.m.

1st and 3rd Saturdays (April 5 and 19) at 7 p.m., with free telescope viewing following, weather permitting

Have you ever wondered what the moon looks like up close? Check out the craters and the view from the other side. We will have some lunar folklore as well. *On April 19, come see actual *Lunar Rock & Soil Samples*, on loan from our partners at NASA Glenn Research Center.

Fee: 2 p.m. - \$2/person

7 p.m. - \$3/person

Twinkle Tots!

Thursdays at 11:45 a.m. (*returning to 11 a.m. in late May*)

Saturdays at 11 a.m.

This is a program for the toddler in your family. See what’s new in space, watch lights dance, and see some magic. This program is fun for everyone in the family! *Door closes promptly at program start time.*

Fee: \$1/person, including infants

Stellar Stars

Wednesdays at 11 a.m.

Saturdays at Noon

Every week, you and your little one will “blast-off” to a new planet and constellation during this interactive show. Marvel at the night sky and lasers moving to music. Learn fun facts about the solar system. Great for children 2 years and up!

Fee: \$2/child

Backyard Astronomy

Saturdays at 1 p.m.

Explore the night sky from your very own backyard! Join us as we view celestial objects in the current sky.

Fee: \$2/person
