HAWK, BEAVER AND TARANTULA FEATURED AT FREE FALL PROGRAMS

Lake Erie Nature & Science Center "Meet An Animal" Connects Families To Wildlife

Bay Village, Ohio --- The Red-tailed Hawk, Beaver and Tarantula all take Center stage at autumn Meet An Animal programs at Lake Erie Nature & Science Center. The Center's Director of Wildlife Education & Rehabilitation, Dave Wolf, leads the free, family friendly programs at 3 p.m. on select Saturday afternoons in September and October.

Mark your calendar so you don't miss your favorite animals!

Meet a Red-tailed Hawk

September 20 at 3 p.m.

One of the most majestic birds in the sky will educate and fascinate us as we take a nose to beak look at the Red-Tailed Hawk. This is a chance for everyone to learn more the life of a locally abundant, and awe-inspiring creature.

The Beaver

October 4 at 3 p.m.

We'll be "busy as beavers" as we learn about these fascinating, industrious animals. A mounted specimen and other hands-on materials will aid both children and adults in understanding the life of North America's largest rodent.

Touch a Tarantula!

October 25 at 3 p.m.

Big, Creepy, and Hairy! Sounds like the makings of a monster movie. This program will focus on the often-misunderstood Tarantula and conclude with an opportunity to have it crawl across your hands and to look into its eyes...all eight of them!

Lake Erie Nature & Science Center is located at 28728 Wolf Road in Bay Village. More than 100 other live animals are on display inside and out seven days a week from 10 a.m. to 5 p.m. Admission is free! Find more at www.lensc.org or call (440) 871-2900.
