## **LAKE ERIE NATURE & SCIENCE CENTER POSTPONES SAW-WHET OWL RELEASE**

Bay Village, Ohio --- Lake Erie Nature & Science Center Wildlife Rehabilitation staff has decided to postpone this afternoon's Saw-whet Owl release due to the snowy weather. The owl is ready to return to the wild following rehab for an eye injury. Wildlife Rehabilitation Coordinator Megan Tadeillo says the staff wants to give the bird, who is blind in one eye, better conditions to reestablish itself in the wild, at least for the first 48 hours. The staff plans to monitor weather conditions and to find a more suitable time to set the bird free.
