CHECK OUT THE SKY IN JULY – VENUS TAKES A DIVE

Bay Village, Ohio --- The nights are warmer and there are more reasons than ever to look up at the sky. Lake Erie Nature & Science Center's Schuele Planetarium programs show you how to spot dramatic changes in Venus and summer jewels in the sky.

JULY SCHUELE PLANETARIUM PROGRAMS

Tickets for planetarium programs are available at the front desk 30 minutes before the program begins on a first come, first served basis. With the exception of Twinkle Tots and Stellar Stars, programs may not be appropriate for very young children who are not able to sit through a 30-minute presentation. All shows include an overview of the current night sky and the latest news and photos from various space agencies.

Say Good-bye to Venus!

(Saturday July Shows)

Venus has put on a great show in the western sky all year long, but it's about to drop out of the sky! All this month, you can begin to see dramatic changes in Venus. We will show you what you will see and what you can expect, as well as highlighting some of our other summer jewels. July 7*, 14, 21*, 28

*Telescope viewing follows the 7 p.m. shows on the first and third Saturdays

Weekly Shows

Twinkle Tots!

Thursdays & Saturdays at 11 a.m.

This is a program for you and the toddler in your family. Watch lights dance across the sky, see some magic and learn what's new in space. Door closes promptly at 11 a.m.

Fee: \$1/person (including infants)

Stellar Stars

Wednesdays at 11 a.m. & Saturdays at Noon

Grab your passports as we travel to each planet and visit the top ten tourist attractions in our solar system! Learn how to find a different picture in the stars each week. Marvel at the night sky, watch lasers moving to music, take home a planet picture to color and add a sticker to your passport. Great for children 2 years and up!

Fee: \$2/child

Backyard Astronomy

Fridays at Noon & Saturdays at 1 p.m.

Explore the night sky from your very own backyard! Join us as we view summer constellations and other celestial objects visible in the skies above Northeast Ohio.

Fee: \$2/person
