

Lake Erie Nature & Science Center

WILDLIFE WISHLIST

Lake Erie Nature & Science Center serves thousands of children and families each year in addition to caring for our resident animals and treating wildlife rehabilitation patients. To provide the best possible service with the least amount of expense, we are asking for your help! Below is a list of items used on a daily basis to help fulfill our mission. As an independent nonprofit organization, we rely on the generosity of the communities we serve to offer free general admission, nature-based education and wildlife services at no charge to the public. All donations, both monetary and goods, are not only appreciated but crucial to our continued success.

A DONATION OF:

- \$50** feeds the Bald Eagle for one week
- \$100** feeds our skunks for one month
- \$250** feeds all the hawks for one month
- \$500** feeds all the box turtles for one year

Monetary donations provide the best support for us to take care of our animals.
